

Bowling 2015 History Report
Chairman: Dan Weller

Bowling continues to struggle with a lack of Branch 8 participants. We have only two members who regularly participate in the SIR Bowling League and in the SIR State Bowling Tournaments. Two additional Branch 8 members participate in the tournaments but not in league bowling. We had 28 weekly SIR Bowling League events as well as the opportunity to participate in 20 SIR State Bowling Tournaments. Dan Weller participated in 27 events while Jim Ericson bowled in 21 matches.

One of our league bowlers, Dan Weller, was the anchor man on the "Eight-Balls" team that won the Fall league session. The team then won a playoff with the winning team from the winter session and claimed the overall championship of the SIR 2014-2015 season for the second straight year.

In addition, Dan Weller continues to manage the SIR State Bowling web site. He has implemented the SIR State Tournament Average database, along with a query capability that allows all SIR bowlers to look up averages.
